2027
STUDENT HANDBOOK

WYNDHAM VETDSS CLUSTER
VET DELIVERED TO SECONDARY STUDENTS (VETDSS)

Version Date:

20 October 2026

WYNBAY
LOCAL LEARNING & EMPLOYMENT NETWORK

THE EDUCATION STATE

VICTORIA State Government | Education and Training

WYNDHAM VETis CLUSTER

Wyndham VETDSS Cluster arrangement is founded on a spirit of co-operation between schools and with the purpose of providing a wider breadth of learning opportunities for students.

Participating Member Schools:

1. Al-Taqwa College
2. Bemin Secondary College
3. Christway College
4. Good News Lutheran College
5. Heathdale Christian College
6. Hoppers Crossing Secondary College
7. Islamic College of Melbourne
8. Jennings Street School
9. Julia Gillard Community College
10. Manor Lakes P-12 College
11. MacKillop College Werribee
12. Tarneit Secondary College
13. The Grange P-12 College
14. Thomas Carr College
15. Warringa Park School
16. Werribee Secondary College
17. Wyndham Central College

PLEASE REFER ALL YOUR QUESTIONS IN THE FIRST INSTANCE TO YOUR HOME SCHOOL VET COORDINATOR

For more information please contact:
Stefan Colosimo
VDSS Cluster Manager
Mob: 0477 179 000
Email: stefan@wynbayllen.org.au

Privacy notice

When a student applies for a VET course, the student's school (Home School) will assist the relevant external provider (which includes a Delivery School and/or Registered Training Organisation (RTO)) with collecting student information for the purposes of assessing the application and placement of the students in VETDSS courses. The Home School's career advisor or VET coordinator will also work together with students to upload their application information into a secure online portal managed by the WynBay Local Learning Education Network, which is funded by the Victorian government.

When a student is accepted into a VET course, the Home School may assist the relevant external provider with collecting necessary student personal and health information needed for enrolment with the external provider, supporting students' educational, social and wellbeing needs, medical emergencies and other purposes stated in the Schools' Privacy Policy.

Once the student is accepted into the course, in order to ensure the safety and wellbeing of students and others, the school may also share necessary student information such as emergency contacts, health plans, foreseeable risks, or reasonable adjustments that it holds with the chosen VET course external provider (which includes the RTO and Delivery School) and where permitted by law.

If you have questions or wish to request access to the information, please contact your Home School's VET Coordinator. For more information about how government schools handle student and parent information, please see:
https://www.education.vic.gov.au/Pages/schoolsprivacypolicy.aspx

WHAT IS VET DELIVERED TO SECONDARY STUDENTS PROGRAM (VETDSS)?

Vocational Education and Training (VET) programs delivered to secondary school students are designed to expand opportunities and pathways for students and improve educational outcomes in line with the Victorian Government's objective to increase the number of young people completing Year 12 or equivalent. The skills you learn relate to a career pathway, so can apply them at work or in further education and training. You can add a VET course or certificate to your studies while you're at school.

Students can include VET in the new VCE Vocational Major (VCE VM) and Victorian Pathways Certificate (VPC).

Incorporating VET in your VCE or VCE Vocational Major

VET can play an important role in senior secondary schooling. When you add VET to your VCE or VCE VM studies you gain practical skills in an industry you are interested in.

VET courses:

- provide a nationally recognised qualification in a specific industry, or provide credit towards one
  contribute towards the completion of your VCE
- allow you to study through School-Based Apprenticeships and Traineeships, which are often paid positions.

VET programs in the VCE and VCE Vocational Major:
There are a range of VET programs that you can select as part of your VCE or VCE Vocational Major. Please ask your school VET Coordinator or Careers Counsellor about the VET programs your school offers.

Combining VET with your Victorian Pathways Certificate (VPC)

VET plays an important role in the later years of secondary school. Adding VET to your Victorian Pathways Certificate (VPC) gives you practical work-related skills in a specific industry.

VET courses:

- Provide a nationally recognised qualification in a specific industry, or credit towards one.
- Contribute towards the completion of your VCE.
- Allow study through a School-Based Apprenticeships and Traineeships. These are often paid positions.

Talk to your school about how you can combine VET studies with your VPC.

Apprenticeships and traineeships at school

Your VCE or VCE Vocational Major can also include an apprenticeship or traineeship. You can also combine an apprenticeship or traineeship with your VPC. Starting an apprenticeship or traineeship while at school means you can get paid on-the-job training that leads to a qualification. School-based apprenticeships and traineeships give you the confidence and vocational skills that employers need.

VET credit in VCE, including the VM and the VPC

Students gain credit into their VCE, including the VM, and the VPC by undertaking:

- VCE VET programs that have been developed by the VCAA in consultation with stakeholders including industry. Information regarding the VCE credit available in each VCE VET program is published on the individual VCE VET program pages on this website.
- approved apprenticeships and traineeships that are in the same industry areas as designated VCE VET programs
- other VET qualifications, which provide credit into the VCE through block credit recognition

VET credit towards the VCE, including the VM

VET credit towards the VCE, including the VM:

- Students can accrue VCE credit achieved through multiple VET qualifications at Certificate II level or above, up to a maximum of 180 nominal hours of completed units of competency (UoCs). This will give students two VCE units towards the VCE / VCE VM.
- Students who complete 180 nominal hours of UoCs in a certificate II or above, then move into another certificate III or above in the same industry* will accrue VCE credit at Unit 3–4 level for the next 180 nominal hours of completed UoCs.
- Students who complete 180 nominal hours of UoCs in a certificate II or above, receiving VCE Units 1 and 2 credit, and then enrol in an approved apprenticeship or traineeship will accumulate VCE credit from the apprenticeship/traineeship in the following order: Units 3, 4, 1, 2, 3, 4.

For example, a student completes 180 nominal hours of training in Certificate II in Kitchen Operations and receives VCE VET Hospitality Unit 1 and 2. The student then decides to move into a Certificate III in Carpentry SBAT. For their next 180 hours of training, they will receive VCE Units 3 and 4. Each additional 90 nominal hours of training would accrue VCE credit in the following order: Units 1, 2, 3, 4.

This policy applies to:

- all SBATs in certificates III or above
- certificate II traineeships that are in the same industry* as VCE VET programs drawn from certificate II qualifications that provide VCE Units 1–4 credit (typically trade pathways or pre-apprenticeship qualifications).

* Qualifications deemed to be in the same industry for VCE credit purposes are determined based on their Training Package Industry Code (e.g. BSB, SIT, AUR, etc.)

VET credit towards the VPC

Students will gain VET credit into the VPC in the following way:

- 90 nominal hours-worth of completed UoCs from a certificate I qualification or above will provide one credit towards the VPC.
- Students can accrue credit across multiple VET qualifications, up to a maximum of 180 hours. This will give students two units towards the VPC.

VET QUALIFICATIONS

Schools can offer senior secondary students VET qualifications selected from the range of industry areas approved by the VCAA.

Successful completion of VET in the VCE VM or VPC can provide students with:

- a VCE (including the VM), a VPC certificate issued by the VCAA, and a VET certificate issued by a registered training organisation (RTO)
- two statements of results issued by the VCAA giving details of units completed in the VCE, VCE VM or VPC and UoCs completed in the VET qualification
- an enhanced ATAR, which can improve access to further education
- pathways into employment and/or further VET qualifications or training
- workplace experience gained through structured workplace learning.

Students value VET because it:

- allows them to combine general and vocational studies which for many, provides a practical focus in a range of industry areas
- provides direct experience of business and industry
- enables them to explore training in areas that will enhance their pathway choices.

Employers value VET because it:

- contributes to the development of entry level skills for their industry
- provides students with a practical and focused introduction to workplace requirements
- enhances the employability of students
- enables industry to contribute to educational programs in schools
- enables industry to participate in local community networks.

More information:

- Find out about the VCE VM curriculum.
- Find out more about the VCE VM professional learning available for providers.

VETDSS ASSESSMENT PLANS

Courses delivered in the cluster that are relevant to VCE scored assessment are:

- HLT33021 ALLIED HEALTH ASSISTANCE
- BSB30120 BUSINESS
- CHC32015 COMMUNITY SERVICES
- SIT20421 COOKERY
- CUA30120 DANCE
- 22632VIC ENGINEERING STUDIES
- ICT30120 INFORMATION TECHNOLOGY
- CUA30920 MUSIC (PERFORMANCE)
- CUA30920 MUSIC (SOUND PRODUCTION)
- CUA31020 SCREEN AND MEDIA
- SIS30122 SPORT, AQUATICS AND RECREATION

For details of the score assessment please see the Assessment Plans document.

GENERAL VETDSS PROGRAM INFORMATION

TRAVEL ARRANGEMENTS

Some students will be required to travel independently to and from the venue of the course they have chosen. Wednesday is the agreed VETDSS delivery time in the Wyndham VETDSS Cluster. There will be a cluster bus provided on Wednesday. It travels to all the schools in Wyndham Cluster (bus times will be provided at the start of 2027).

When VET classes have finished for the day, all students must leave the HOST school's premises in a swift and timely manner.

STUDENT BEHAVIOUR AND SAFETY INCIDENTS

Students will abide by the teacher's rules and the rules of the HOST School whenever they are on site. This includes meeting Occupational Health and Safety Requirements in and out of the classroom. Attitude and behaviour are to be of the expected standard.

Breaches of safety or serious offences will require students to be sent out of class. The HOST school VET Coordinator /RTO must communicate this by writing and phone to the HOME and HOST SCHOOL VET Coordinator where applicable on the day of the incident.

All incidents that occur relating to a student's behaviour must be escalated to Stefan Colosimo (WynBay LLEN - VDSS Cluster Manager) on the day of the incident so a course of action can be negotiated by all parties. All correspondence by all parties should be in writing. The action that might occur depending on the severity of the student's behaviour could result in a warning or a meeting between the Home School VET Coordinator, HOST school VET Coordinator, a parent, and the student.

A review of the student's continued participation in VET will be considered. Serious breaches in behaviour can result in an exclusion from VET.

DRESS CODE

Students are required to wear their Home School uniform when attending VET programs at delivery schools within the cluster. If attending University or TAFE students must comply with University / TAFE requirements. When students are completing a practical subject, students must bring their required safety or work clothes to the class and change once they have entered the school/venue.
Students are not required to wear school uniform on SWL.

Please note if any student studying a trade arrives at their VET class without their correct clothing, they will be asked to leave class immediately. The HOME school VET Coordinator must be called when a student is asked to leave a VET class.

VET EXCURSIONS

Students are required to attend any course-organised excursions which run at various venues and only need an informative notice of excursions throughout the year. Attendance for excursions, if they differ from the scheduled VET days, depends on the specific arrangement made between the school and the training provider, and must comply with any Department of Education policies. Where practical, Host schools should try to arrange excursions during scheduled VET days/class.

STUDENTS ABSENCES

Students are permitted a maximum of 2 absences per semester or 4 for the year. An additional 2 approved absences will be allowed per year for school camps, excursions etc. Any more absences may result in the student not satisfactorily completing the units/modules. Students need to notify their VET Co-ordinators, trainers and/or the workplace in advance.

STUDENT CHARGES FOR VET

Please be aware that there is a student charge for all VET programs. VET programs can be very expensive and so the cost of the program should be considered carefully before selecting a VET. Please see your VET Co-ordinator for charges for 2027. Please be aware that there is no REFUND if you do not withdraw from the VET program before the withdrawal Census date. Please see your VET Co-ordinator for details about withdrawing.

MINIMUM CLASS SIZES AND CHANGES TO PROGRAMS

Please be aware that if numbers are insufficient to meet a minimum class size the VET program will be withdrawn. Please note the following arrangements and course outlines are subject to change. Courses delivered at different sites may include modules which vary from the sample course outline included in this booklet.
Students will be notified of changes prior to course commencement.

WHAT IS A STRUCTURED WORKPLACE LEARNING (SWL)?

- Structured workplace learning provides students with the opportunity to integrate on-the-job experience with secondary study as part of the Victorian Certificate of Education (VCE), the VCE Vocational Major or the Victorian Pathways Certificate.
- Schools must implement this policy and follow the guidance on the Guidance tab, when planning for and conducting structured workplace learning arrangements, to ensure compliance with legislation.
- Principals may nominate other school-based staff to authorise structured workplace learning placements. Refer to Roles and responsibilities for more information.

Structured workplace learning provides students with the opportunity to:

- integrate practical on-the-job experience and learning in workplaces with nationally recognised Vocational Education and Training (VET) undertaken as part of the VCE, the VCE Vocational Major or the Victorian Pathways Certificate
- undertake work placement to complement an applied learning program as part of the VCE Vocational Major or the Victorian Pathways Certificate
- demonstrate the practical application of work-related skills as part of VCE Industry and Enterprise.

Structured workplace learning provides the opportunity for:

- enhanced skill development
- practical application of industry knowledge
- assessment of units of competency
- achievement of some learning outcomes
- enhanced employment opportunities.

Structured workplace learning arrangements

All structured workplace learning arrangements must comply with Ministerial Order 1412 – Structured Workplace Learning Arrangements (PDF).

The department's comprehensive guidance, on the Guidance tab, supports schools to comply with their obligations under Ministerial Order 1412.

Structured workplace learning arrangement form

The Structured workplace learning arrangement form must be completed and signed before the structured workplace learning commences. It must be signed by:

- the employer
- the student
- the parent/carer of the student – if the student is under 18 years of age
- the principal or nominated person – the principal may nominate a person or a member of a class of persons (nominated person), for example, assistant principals, teachers or education support staff employed by the school, to perform the powers and functions of the principal which relate to structured workplace learning. The principal must ensure that nominated persons have the required knowledge and understanding of obligations in the Education and Training Reform Act 2006 (Vic) and Ministerial Order 1412 (PDF) relating to structured workplace learning arrangements. More detail on the provision of principal nomination for SWL can be found in the guidance chapter, Roles and responsibilities.

Government school users can access the form on the dedicated Work-Based Learning Application (WBL App). Refer to the guidance chapter, Structured workplace learning arrangement form on the Guidance tab for further details.

The department's Structured workplace learning travel and accommodation form (PDF) must be used if:

- it is proposed that the student may need to undertake vehicle travel with their employer and/or supervisor during the arrangement, including travel to-or-from the workplace
- the student is required to stay in accommodation other than their normal place of residence while undertaking structured workplace learning.

This form must be signed by:

- for travel – both the employer and the parent/carer – or the student if they are aged 18 years or over
- for accommodation – the parent/carer – or the student if they are aged 18 years or over.

Government school users can access this form via the WBL App. Refer to Travel and accommodation arrangements on the Guidance tab for further information about this form and how it can be accessed.

Work-Based Learning Application

The Work-Based Learning Application (WBL App) enables government schools to digitally coordinate and process structured workplace learning arrangements. This includes the creation and management of digital arrangement forms.

Refer to the Work-Based Learning Application on the Guidance tab for further details.

Occupational health and safety

Principals or nominated persons must be satisfied that a student is either undertaking or has completed

occupational health and safety (OHS) training prior to commencing structured workplace learning as follows:

- where a student is undertaking structured workplace learning as part of a VET program within the VCE including the VCE Vocational Major, or the Victorian Pathways Certificate – the principal or nominated person must be satisfied that the student is undertaking, or has completed the OHS training unit of competency within the VET program
- where a student is undertaking structured workplace learning which is not related to their VET program within the VCE including the VCE Vocational Major, or the Victorian Pathways Certificate – the principal or nominated person must be satisfied that the student has completed an OHS program required by the department as follows:
    - if the student is undertaking VCE Industry and Enterprise – they must complete safe@work
    - if the student is undertaking structured workplace learning to complement an applied learning program as part of the VCE Vocational Major or the Victorian Pathways Certificate – they must complete safe@work.

Child Safe Standards

All Victorian schools are required to comply with the Child Safe Standards to ensure they are well prepared to keep children and young people safe and protect them from abuse. Ministerial Order 1359 – Implementing the Child Safe Standards – Managing the risk of child abuse in schools PDF) provides the framework for child safety in schools. The Child Safe Standards require schools to put in place systems and processes to help prevent harm to students in all school environments, including workplace learning environments where students undertake:

- work experience
- structured workplace learning
- school community work/volunteering
- and school-based apprenticeships and traineeships.

For more information, visit:

- Child Safe Standards
- PROTECT website

Refer to Student safety and wellbeing for more guidance and helpful fact sheets on implementing Child Safe Standards in structured workplace learning placements.

Contacts

For assistance with queries relating to structured workplace learning, please contact the relevant organisation as outlined below.

SCHOOL TO WORK STATEWIDE PORTAL

The Department has established the School to Work Portal — a website which provides students and teachers with a single, easy to navigate, information and referral point for structured workplace learning opportunities offered by a diverse range of employers.

Searching on the portal can be done by:

- location
- Industry, or
- VET certificate

WynBay LLEN is funded to deliver the S2W Program and facilitate student access to work-based learning placements tailored to local priorities and employment opportunities in Wyndham and Hobsons Bay. We have contacts with employers in automotive, building and construction, electro-technology and other sectors.

If you are a student or teacher looking for structured workplace learning opportunities, visit the School to Work Portal:

http://www.workplacements.education.vic.gov.au/

Contact the HOME SCHOOL VET COORDINATOR

COURSE CODE: AHC20122

CERTIFICATE II IN AGRICULTURE

NOTE: Based on demand students who choose Agriculture may be combined with the Horticulture class and complete Agriculture-specific electives.

Program Description

Certificate II is regarded as an entry-level course. This qualification provides a general vocational outcome in agriculture. The qualification enables individuals to select a livestock production or cropping context as a job focus or, in the case of mixed farming enterprises, both. A farm tradesperson is an experienced farmhand and is likely to be involved in co-ordinating a wide range of agricultural operations. Work undertaken as a farm tradesperson will depend on the type of farm production carried out, and includes:

- planting and harvesting crops
- implementing animal and crop husbandry practices
- servicing and repairing farm equipment and
- machinery
- designing and constructing fencing
- loading and unloading livestock
- installing and maintaining farm water supplies and irrigation systems

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

COURSE CODE	AHC20122
CERTIFICATE NAME	Certificate II in Agriculture
ENROLMENT TYPE	VE1
ASSESSING GROUP	RTO
RTO CODE	21316
RTO NAME	ACAH
ATAR	No scored assessment
STRUCTURED WORKPLACE LEARNING (SWL)	**Strongly recommended** The VCAA strongly recommends a minimum of 80 hrs (2 weeks) of structured workplace learning over the duration of the VCE VET program.

HOST SCHOOL - LOCATION	

UNITS OF COMPETENCY

YEAR 1 [2027] ALL STUDENTS IN YEAR 1 & 2 ARE STUDYING THE SAME YEAR 1 UNITS IN 2027

MODULE CODE	MODULE NAME	HOURS	Scored Assessment
AHCWHS202	Participate in WHS processes	20	N
AHCWRK211	Participate in environmentally sustainable work practices	20	N
AHCCHM201	Apply chemicals under supervision	30	N
AHCIRG221	Assist with pressurised irrigation operations	30	N
AHCMOM203	Operate basic machinery and equipment	30	N
RIISAM203E	Use hand and power tools	20	N
AHCPHT215	Plant horticultural crops	25	N
AHCMOM216	Operate side by side utility vehicles	25	N

YEAR 2 [2025]

MODULE CODE	MODULE NAME	HOURS	Scored Assessment
AHCPMG201	Treat weeds	30	N
AHCPMG202	Treat plant pest, diseases and disorders	30	N
AHCPCM204	Recognise plants	30	N
AHCSOL203	Assist with soil or growing media sampling and testing	30	N
AHCBIO203	Inspect and clean machinery, tools and equipment to preserve biosecurity	30	N
AHCPLY303	Maintain health and welfare of poultry	25	N
AHCWRK212	Work effectively in the industry	25	N
AHCWRK213	Participate in workplace communications	25	N

Commencement of program will be dependent on adequate student numbers for enrolment and funding.
Programs and units of competency are subject to change prior to commencement.

COURSE CODE: HLT33021

CERTIFICATE III IN ALLIED HEALTH ASSISTANCE (PARTIAL COMPLETION)

Program Description
Certificate III in Allied Health Assistance provides students with the knowledge and skills that will enhance their employment prospects in the Health industry. These qualifications cover workers who provide assistance to allied health professionals and other health professionals with the care of clients.

Pathways / Career Opportunities
Upon successful completion of the Certificate III in Allied Health Assistance you will be prepared for further training to establish your career in a range of health fields. This course has pathways, and possible credit into further study in allied health, remedial massage and nursing.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Holiday Training (may be subject to change)
Holiday Training may be expected for this course and will be confirmed at a later date.

Program Requirements
This course requires you to obtain a Working with Children Check. If you already have this check it is a great benefit! You MUST email vetinschools@gordontafe.edu.au a copy of the check.

Additional SWL Information
The National Training Package rules require completion of 120 hours of clinical placement (HLT33021). The units selected in The Gordon's VETDSS Health Program **do not** contain mandated work or clinical placement requirements. Therefore, placement is not mandatory. Undertaking Structured Workplace Learning is strongly recommended as it is for all VCE VET programs.

COURSE CODE	HLT33021
CERTIFICATE NAME	Certificate III in Allied Health Assistance (Partial Completion)
ENROLMENT TYPE	VE1
ASSESSING GROUP	RTO
RTO CODE	3044
RTO NAME	The Gordon
ATAR	Scored assessment
STRUCTURED WORKPLACE LEARNING (SWL)	**VCAA Requirements:** The VCAA has determined that Structured Workplace Learning (SWL) is an appropriate and valuable component of all VCE VET programs. The VCAA mandates SWL under the following situations: • where a period of work placement is mandated for the award of the qualification • where the assessment conditions from a UoC contain a statement regarding the requirement to demonstrate skills in a workplace. **See Additional SWL Information**

UNITS OF COMPETENCY

YEAR 1

MODULE CODE	MODULE NAME	HOURS	Scored Assessment
HLTWHS001	Participate in workplace health and safety	20	N
CHCCOM005	Communicate and work effectively in health or community services	30	N
BSBPEF301	Organise personal work priorities	30	N
HLTINF006	Apply basic principles and practices of infection prevention and control	35	N
CHCCCS002	Assist with movement	25	N
CHCDIV001	Work with diverse people	40	N
CHCCCS020	Respond effectively to behaviours of concern	20	N

YEAR 2

MODULE CODE	MODULE NAME	HOURS	Scored Assessment
BSBMED301	Interpret and apply medical terminology appropriately	60	Y
HLTAAP001	Recognise healthy body systems	70	Y
HLTHPS001	Take clinical measurements	50	Y

Commencement of program will be dependent on adequate student numbers for enrolment and funding.
Programs and units of competency are subject to change prior to commencement.

COURSE CODE: ACM20121

CERTIFICATE II IN ANIMAL CARE

Program Description
This program provides training and skill development for the achievement of competencies in areas such as occupational health and safety, animal care, veterinary clinic duties, handling of animals and communication skills.

Pathways / Career Opportunities
Successful completion of this program will provide participants with access to a range of entry-level employment opportunities in veterinary clinics, animal shelters, pet shops, companion animal services, or animal training services. This course is also the preferred prerequisite to continue study in ACM30110 Certificate III in Animal Studies.
Major areas of study include:
- Working in the animal care industry
- Assisting with general care of animals
- First aid for animals.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Additional Costs
Protective clothing and minor equipment may also need to be purchased.

UNITS OF COMPETENCY

YEAR 1

MODULE CODE	MODULE NAME	HOURS	Scored Assessment
ACMWHS201	Participate in workplace health and safety processes	40	N
ACMGEN310	Provide reception services for an animal care facility	30	N
ACMGEN204	Assist in health care of animals	40	N
ACMGEN205	Source and provide information for animal care needs	40	N
BSBCMM211	Apply communication skills	40	N
ACMSPE317	Provide general care of domestic cats	40	N

YEAR 2

MODULE CODE	MODULE NAME	HOURS	Scored Assessment
ACMGEN203	Feed and water animals	40	N
ACMGEN202	Complete animal care hygiene routines	30	N
ACMBEH302	Provide enrichment for animals	40	N
ACMGEN201	Work in the animal care industry	30	N
ACMSUS201	Participate in environmentally sustainable work practices	20	N
ACMSPE316	Provide general care of domestic dogs	40	N

Commencement of program will be dependent on adequate student numbers for enrolment and funding.
Programs and units of competency are subject to change prior to commencement.

COURSE CODE: MST20722

CERTIFICATE II IN APPAREL, FASHION AND TEXTILES

Program Description
Certificate II in Apparel, Fashion and Textile provides an introductory overview of skills that can be applied in the fashion industry. It includes various skills in designing, production of garments, millinery, and the development of unique fashion and textile designs.

Pathways / Career Opportunities
The VCE VET Certificate II in Apparel, Fashion and Textile program opens up many different training and employment pathways. *VCAA recommends study at the lower levels to develop industry foundation skills before moving to higher qualifications.

Careers pathways may include employment into roles such as:

- Production Assistant
- Clothing Technician
- Merchandising Assistant.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

*VCAA
Certain units of competency will complement each other, lending to coordinated delivery that minimizes content overlap. VCAA

Equipment
A laptop is required to access course materials and complete coursework and assessments.

COURSE CODE: AUR20720

CERTIFICATE II IN AUTOMOTIVE VOCATIONAL PREPARATION (MECHANICAL)

Program Description
This program provides training and skill development required to perform minor maintenance and repair of an automotive vehicle body. The range of technical skills and knowledge is limited. This qualification reflects the role of individuals who perform a limited range of tasks relating to identifying and inspecting mechanical and electrical components and systems of light vehicles, heavy vehicles, outdoor power equipment, bicycles, marine craft and motorcycles.

Pathways / Career Opportunities
This program will prepare students with a solid foundation of practical skills required to successfully gain an apprenticeship in the automotive industry within the automotive repair, service and retail sectors. School-based new apprenticeships may also be available in addition to entry-level employment. The qualification offers a number of pre-vocational outcomes that provide credit into apprenticeship qualifications.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Additional Costs
Protective clothing and minor equipment may also need to be purchased.

CERTIFICATE III IN BUSINESS

Program Description
This qualification reflects the varied roles of individuals across different industry sectors who apply a broad range of competencies using some discretion, judgement and relevant theoretical knowledge.

Students will develop and build teamwork, interpersonal skills and organisational capabilities which can be used to further strengthen their employability skills post- secondary schooling.

The importance of digital literacy in the workforce will be addressed, and students will gain a deeper understanding of its importance to their work lives. The course is delivered over 1-2 years depending on the individual school and time allocated within the school framework.

Pathways / Career Opportunities
Completion of the Certificate III in Business provides a pathway into training and employment in business and related industries. Potential occupations may include accounts clerk, accounts payable clerk, general clerk, junior personal assistant, office assistant, receptionist and word processer. Further study through higher education pathways could lead to employment opportunities in commerce, management or marketing.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Equipment
A laptop is required to access course materials and complete coursework and assessments.

COURSE CODE: 11236NAT

CERTIFICATE III IN CHRISTIAN MINISTRY AND THEOLOGY

Program Description
This course is designed to prepare individuals for a range of entry-level Christian ministry roles. It is also designed to equip employees in Christian organisations and not-for-profit or service contexts with an understanding of the beliefs and values that guide Christian education, health, social services, childcare or aged care so that they are able to work effectively in these sectors. Workers in these contexts are required to align their work with the vision, values and expected practices of the organisation and to operate within an ethical and moral framework. This course is delivered by Youth Dimension on behalf of Eastern College Australia.

Pathways / Career Opportunities
The course will provide participants with: basic knowledge of core Christian beliefs and practices; an understanding of the relevance and application of these beliefs and practices to a specific context; skills to interpret, apply and communicate Christian beliefs and practices at an introductory level; opportunities for personal ethical formation; and foundational skills for work or further vocational training in Christian Ministry. Further studies in Theology and Ministry could lead to employment opportunities in ministry and community services.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Program Requirements
A laptop is required to access course materials and complete coursework and assessments.
A good study Bible. The recommended Bible is the NLT Illustrated Study Bible (ISBN: 1496402006), which is available from Koorong Bookstore and Word Bookstore.
Mandatory attendance at two camps: an Outreach Training Camp and a Leadership Training Camp, both held from Friday afternoon through to Sunday afternoon.
Participation in a Community Day full-day excursion.
Dates for the camps and excursion will be provided at the beginning of the year in the Gravitate Welcome Pack.
Students are required to find a Ministry Experience Supervisor within their chosen context prior to commencing their Ministry Experience. Supervisors must register with Youth Dimension and agree to their Child Safe Code of Conduct.

COURSE CODE	11236NAT

COURSE CODE: CHC22015 / CHC32015

CERTIFICATE III IN COMMUNITY SERVICES (PARTIAL COMPLETION)

Program Description
VCE VET Community Services program offers students the opportunity to learn about the community services sector and explore specific contexts of work. They will develop skills in communication, information provision and processing, administration support, networking and group support.

Pathways / Career Opportunities
Certificate II in Community Services can provide pathways into work or further study in community services, in areas such as childcare, aged care, home and community care, alcohol and other drugs work, disability work, social housing or mental health work. With additional training and experience, future employment opportunities may include a community health worker, counsellor, school support worker, case manager. Pathways are also available from this qualification into the Health Training Package in areas such as Allied Health Assistance and nursing. Further study can also be undertaken in the higher education sector in areas such as social work and education.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Program Requirements
A laptop is required to access learning materials with MS Word installed for completing assessments.

Additional SWL Information
Werribee Secondary College delivers CHC32015 Certificate III in Community Services (partial completion) in Year 2 which does not contain UoC with Mandatory Workplace Requirements (MWR).

CERTIFICATE II IN COOKERY

Program Description
This course equips you with a range of practical skills to operate in a supervised kitchen workplace. During this hands-on program you will develop food handling, preparation skills and further hospitality industry knowledge.

Pathways / Career Opportunities
This program also has a direct pathway into a cookery or patisserie apprenticeship, and you may receive credit towards an apprenticeship qualification. Successful completion of this program can also lead you to a range of entry- level employment opportunities where food is prepared and served, including restaurants, hotels, catering operations, clubs, cafes, cafeterias and coffee shops.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Uniform Requirements
All students completing this course will be required to purchase a Chef's uniform, which must be purchased as a part of personal protective wear. A list of retailers and items to purchase will be provided before commencing. **This uniform will cost approximately $90-95 on top of any other course costs.** Students must also wear fully enclosed leather shoes to this course for safety.

Students must wear school uniform when travelling to and from VET course.
Students are required to change into their chef's uniform at Heathdale Christian College, and the uniform is to be worn during all classes.

AIET
AUSTRALIAN INSTITUTE OF EDUCATION AND TRAINING

COURSE CODE: CUA20120 / CUA30120

CERTIFICATE III IN DANCE (PARTIAL COMPLETION)

Program Description
Certificate II in Dance aims to provide students with the technical and performance skills to begin the process of establishing a career in the entertainment industry. Students will learn the necessary knowledge and skills to enable them to participate in a variety of dance routines. Units 1 and 2 of the programs include developing basic levels of physical condition for dance performance and basic dance techniques, sourcing information on the history and theory of dance and applying it to an area of work. Units 3 and 4 offers scored assessment and incorporates units such as sourcing and applying entertainment industry knowledge, preparing for a dance performance, refining basic dance techniques and applying basic dance techniques for performances.

Pathways / Career Opportunities
Completion of Certificate II in Dance will assist students in entering the dance industry. With additional training and experience, future employment opportunities may include dancer, performer, choreographer.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Entry Requirements
Student must have dance knowledge to go into the VET Dance program. Exposure to industry knowledge from previous experience in a dance program is essential.

COURSE CODE: CHC30125 / CHC30121

CERTIFICATE III IN EARLY CHILDHOOD EDUCATION & CARE (PARTIAL COMPLETION)

Program Description
The Certificate III in Early Childhood Education & Care program is so much more than just childcare. It provides students with the theoretical knowledge, practical skills and attributes required to become an early childhood educator. Units of Competency selected for VCE Units 1&2 introduce the legal and ethical obligations and frameworks that early learning centres must operate in, as well as a First Aid unit. Units of Competency selected for VCE Units 3&4 build skills to develop your knowledge for working with children, identify children at risk and improve your method of practice. At the end of this two-year VETDSS program students have the option of re-enrolling as adults to complete and achieve the qualification.

Pathways / Career Opportunities
Completion of this VETDSS program provides students with the hours required to achieve the VET units for VCE VM.
Students may continue to work towards completing the Certificate III in Early Childhood Education and Care after they finish their secondary schooling. Wyndham CEC offers a program to enable this: contact the RTO's VET Coordinator for details.
Completion of the qualification enables students to work in registered early learning centres, family day care and outside school hours care programs.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Additional SWL Information
Structured Workplace Learning is a requirement of this program. Students are expected to complete a minimum of 40 hours per year in a registered early learning centre. For those students going on to compete the qualification, these hours will count towards the mandatory 160 hours of placement that are a requirement to obtain the qualification.

WCEC recommends that students complete placements during their school studies, however, if that is not practical placements should ideally take place in the Term 2 and Term 3 school holidays. This allows students to be assessed in a workplace environment prior to result deadlines in November.

COURSE CODE	Year 1: CHC30125 Year 2: CHC30121
CERTIFICATE NAME	Certificate III in Early Childhood Education and Care (Partial Completion)
ENROLMENT TYPE	VE1

COURSE CODE: 22682VIC

CERTIFICATE II IN ELECTROTECHNOLOGY (PRE-VOCATIONAL)

Program Description
The Certificate II in Electrotechnology aims to provide students with the knowledge and skills to achieve units of competence that will enhance their employment prospects in the electrical industry. It also provides students with increased opportunities of gaining an electrical apprenticeship. The program also provides experiences across a number of electrical trades including electrical, electronics, refrigeration and mechanical engineering.

Pathways / Career Opportunities
The program will prepare students for entry-level employment in the electrical industry and enhance their opportunity of gaining an electrical apprenticeship.
The Certificate II qualification has a clear relationship with further training in the electrical/electronic industry.
It is anticipated that students progressing to an apprenticeship may receive credits towards their off-the-job training in the apprenticeship.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Additional Costs: Protective clothing and minor equipment may also need to be purchased.

Program Requirements
This course includes the delivery of First Aid & Construction Induction (White Card). If you already have completed these units previously it is a great benefit! You MUST email vetinschools@gordontafe.edu.au your USI Transcript or Statement of Attainment prior to starting the course.

VU23737	Use test instruments in the Electrotechnology industry*	20	N

YEAR 2 - 22682VIC - 2027 (RETURNING STUDENTS)

MODULE CODE	MODULE NAME	HOURS	Scored Assessment
VU23740	Perform energy sector installations of extra low voltage (ELV) single path circuits	20	N
VU23739	Carry out basic network cabling for extra low voltage (ELV) equipment and devices	20	N
VU23738	Plan and complete a basic electrotechnology project	40	N
VU23737	Use test instruments in the electrotechnology industry	30	N
UEERL0001	Attach cords and plugs to electrical equipment for connection to a single phase 230 Volt supply	40	N
UEERA0035	Establish the basic operating conditions of air conditioning systems	40	N
UEECD0019	Fabricate, assemble and dismantle utilities industry components	20	N

Commencement of program will be dependent on adequate student numbers for enrolment and funding.
Programs and units of competency are subject to change prior to commencement.

COURSE CODE: 22682VIC

CERTIFICATE II IN ELECTROTECHNOLOGY (PRE-VOCATIONAL) [VICTORIA UNIVERSITY]

Program Description
This course with Victoria University can help you get your foot in the door. It will give you the industry skills and knowledge to gain access to a wide range of apprenticeships offered in the electrotechnology industry.
You'll develop technical skills and knowledge that will ensure you are ready for work in the electrical trade, including:

- basic electrical theory and workshop practices
- basic network cabling for extra low voltage (ELV) equipment and devices
- use of test instruments in the electrotechnology industry
- wiring and installation
- provision of basic sustainable energy solutions in domestic premises
- fabrication, assembling and dismantling utilities industry components
- working with electrotechnology equipment and use of test instruments
- workplace safety and first aid.

You will graduate with a nationally recognised qualification as well as credits for further training as an apprentice, or trainee in the electrotechnology industry in areas such as: electrical, renewable energy, air conditioning/refrigeration Instrumentation.

Pathways / Career Opportunities
When you graduate, you could find employment in roles such as:

- apprentice electrician
- apprentice electrical fitter
- apprentice air conditioning and refrigeration mechanic
- renewable energy systems installer
- electrical engineering technician
- data and security installations.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Equipment
Overalls or workpants with rule pocket, safety boots, PPE – earplugs, safety glasses, calculator / A4 ring binder / ballpoint pen and notebook.

CERTIFICATE III IN EMERGING TECHNOLOGIES

Program Description
This course will allow students to complete Certificate III in Emerging Technologies.

The Certificate III in Emerging Technologies program prepares students for entry-level positions in a range of industry, business and community contexts. It can also lead to further education and training or directly into employment and aims to develop transferable skills and knowledge in the use of emerging technologies.

The Certificate III in Emerging Technologies qualification reflects the varied and in demand roles required in the digital world and how to apply a broad range of competencies using some discretion, judgement and relevant theoretical knowledge. Students will develop enterprise skills and the technical knowledge needed to solve work-place challenges, the impact of evolving technology on jobs, and engage in product design, 3D printing and Smart Cities.
The importance of digital literacy in the workforce will be addressed, and students will gain a deeper understanding of its importance to their work lives.

Pathways / Career Opportunities
Completion of the Certificate III in Emerging Technologies provides a pathway into training and employment in a range of industry, business and community contexts. Some potential occupations may include Multimedia Designer, Social Media Administrator, New Product Designer, Smart Cities Developer, Digital Technician. Further pathways to the Certificate IV in Information Technology and Certificate IV in Cyber Security, through to Diploma and Bachelor levels.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

CERTIFICATE II IN ENGINEERING STUDIES

Program Description
This program provides students with the knowledge and skills to achieve competence that will enhance their employment prospects in the engineering or engineering related industries.

Pathways / Career Opportunities
The Certificate II program provides pre-employment training for pathways into engineering apprenticeships. Articulation into higher level courses is also available.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Additional Costs
Protective clothing and minor equipment may also need to be purchased.

YEAR 1

MODULE CODE	MODULE NAME	HOURS	Scored Assessment
VU23481	Apply occupational health and safety principles in an engineering environment	20	N
VU23475	Safely use hand tools and hand held power tools for general engineering applications	40	N
VU23477	Interpret and prepare basic two and three dimensional engineering drawings	30	N
VU23478	Perform basic machining processes	40	N
VU23479	Apply basic fabrication techniques	40	N
VU23476	Report on the sectors and employment in the manufacturing, engineering and related industries	20	N

YEAR 2

MODULE CODE	MODULE NAME	HOURS	Scored Assessment
MEMPE006	Undertake a basic engineering project	80	Y
VU23480	Perform intermediate engineering computations	40	Y
VU23482	Produce basic engineering components and products using fabrication and machining operations	60	Y

Commencement of program will be dependent on adequate student numbers for enrolment and funding.
Programs and units of competency are subject to change prior to commencement.

EDUCATIONAL LIVING

COURSE CODE: HLT33115

CERTIFICATE III HEALTH SERVICES ASSISTANCE (PARTIAL COMPLETION)

Program Description
This introductory course equips you with knowledge and skills to care for patients in a health care environment. Job roles may include patient care and patient transport, clinical cleaning and more under direct supervision. This healthcare-assistant course provides a strong foundation for support roles in health settings. You'll learn to work with patients under supervision of professional health staff.

You will learn

- Accurately interpret medical terminology
- Apply effective infection control practices
- Develop practical skills in patient care
- Develop communication skills to interact with individuals from varied backgrounds
- Workplace health and safety protocols to ensure a safe working environment
- First Aid, health and safety.

Pathways / Career Opportunities
With this practical qualification, you'll be ready to work in support roles in hospitals, community services and other health care settings. You'll be ready to provide a range of assistance to professional staff for the care of patients or clients. You'll have the communication skills and technical and procedural knowledge to work in areas such as: health services patient support, food services, and patient transport. Example job titles include:

- orderly
- nursing assistant
- nursing support worker
- operating theatre technician
- patient service assistant (PSA)
- ward assistant
- patient support assistant
- wards person
- patient care assistant
- ward support.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

This course includes a work placement in a healthcare environment to help you further develop your skills and gain direct industry experience.

CERTIFICATE II IN HORTICULTURE

Program Description
Certificate II is regarded as an entry level course. Graduates will have skills and knowledge to become a valued and productive employee within the Amenity Horticulture Industry. Graduates assist with planting and maintaining lawns, shrubs and garden beds in public or private gardens and parks. Upon successful completion of the Certificate II in Horticulture students may choose to complete an apprenticeship or traineeship in Horticulture, Parks and Gardens or Landscape Construction.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

The attire required for students are:

- Closed (safety) non-leather footwear - possible
- Long sleeve – high visibility shirt (preferably not yellow, and bees and bugs get attracted to it), and helmets for side-by-side driving
- Long Tradies Pants
- Disposable Coveralls will be provided
- Gardening gloves and will provide disposable nitrile gloves when handlings other materials.
- Hat (summer months and when outside)
- Safety Googles (it will be provided)
- Thermals (during winter).

COURSE CODE: SIT20322 & SIT20421

CERTIFICATE II IN HOSPITALITY & CERTIFICATE II IN COOKERY [DUAL PROGRAM]

Program Description
The VCE VET Hospitality program is drawn from a national training package and offers portable qualifications which are recognised throughout Australia. These qualifications provide students with a broad range of skills and knowledge to prepare them for a diverse range of occupations in the hospitality industry including commercial cookery, catering and food and beverage service. Scored assessment is available for the Scored Unit 3-4 sequence of the VCE VET Hospitality program. At the end of successfully completing Year 1, you will receive the SIT20322 Certificate II in Hospitality. At the successful completion of the 2nd year of the program, you will receive SIT20421 Certificate II in Cookery.

Pathways / Career Opportunities
SIT20322 Certificate II in Hospitality reflects the role of individuals who have a defined and limited range of hospitality operational skills and basic industry knowledge. They are involved in mainly routine and repetitive tasks and work under direct supervision. This qualification provides a pathway to work in various hospitality settings, such as restaurants, hotels, motels, catering operations, clubs, pubs, cafes, and coffee shops.

SIT20421 Certificate II in Cookery may prepare individuals with a limited range of food preparation and cookery skills to prepare food and menu items in a kitchen. Graduates typically provide routine and repetitive tasks and are directly supervised. This qualification does not meet the requirements for trade recognition as a cook but can provide a pathway towards achieving that.

Pathways may include employment into various workplaces within the hospitality industry such as restaurants, hotels, catering operations, clubs, pubs, cafes, coffee shops, institutions, aged care facilities, hospitals, prisons, and schools. Typical roles include breakfast cook, catering assistant, fast food cook, sandwich hand, and takeaway cook.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

COURSE CODE: ICT30120

CERTIFICATE III IN INFORMATION TECHNOLOGY

Program Description

This course will equip the student with comprehensive skills and knowledge to enter the information and communications technology (ICT) field. The course provides the introductory skills and knowledge with an emphasis on ICT support and computer networking. The course incorporates theoretical, practical and hands-on training in areas such as PC hardware and software maintenance; server administration; client operating systems; and workplace skills. The students will be enrolled in enough units over the two years to obtain the full certificate, but VCAA requires only partial completion to obtain satisfactory VCE VET study score. These units are outlined below. The choice is with the students if they want to complete the full certificate by working on the additional units or follow the VCAA pathway which will only be entitled the student to a Statement of Attainment from the RTO.

Pathways / Career Opportunities

Upon the successful completion of the full certificate a student may seek employment as part of an ICT support team – network technicians, help desk assistant or software support being options. Tertiary pathways/degrees qualifications in ICT networking at Certificate IV or diploma level at TAFE or numerous university degrees in ICT.

NOTE: the support stream is the focus of the course at Wyndham Central College

Contribution to VCE / VCE VM & VPC

These credits must be confirmed with the VET Coordinator at your school.

COURSE CODE: 22701VIC

CERTIFICATE II IN PLUMBING (PRE-APPRENTICESHIP) (PARTIAL COMPLETION)

Program Description
The Certificate II in Plumbing (Pre-Apprenticeship) will equip you with the basic skills and knowledge to enter the plumbing or associated building industries and is designed to enhance your apprenticeship prospects. The program covers relevant material, equipment, and occupational health and safety procedures to ensure you work safely and effectively on building sites.

Pathways / Career Opportunities
The direct career pathway from this program is being employed in a full-time apprenticeship. Graduates will need to be employed by a Licensed Plumber before they continue their training as an apprentice.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Additional Costs
Protective clothing and minor equipment may also need to be purchased.

Program Requirements
This course includes the delivery of Construction Induction (White Card). If you already have completed these units previously it is a great benefit! You MUST email vetinschools@gordontafe.edu.au your USI Transcript or Statement of Attainment prior to starting the course.
.

CERTIFICATE II IN PLUMBING (PRE-APPRENTICESHIP) [VICTORIA UNIVERSITY]

Program Description
This introductory course equips you with knowledge and skills for entry into an apprenticeship (Certificate III in Plumbing) providing a specific range of foundational plumbing techniques.
You will learn

- Working safely as part of a team
- Measuring and calculating
- Using basic industry terminology to communicate effectively
- Reading plans and specifications
- Selecting and using plumbing tools,
- equipment, and materials
- Producing simple technical drawings
- Using basic welding equipment
- Using plumbing pipes, fittings, and fixtures
- to simulate plumbing installations.

Pathways / Career Opportunities
The plumbing services industry provides licensed plumbing and drainage services including installing and repairing water supply, sewer lines, septic tanks, drainage and gas systems. Plumbers mostly work in small businesses. This pre-apprenticeship from Victoria University can help you get your foot in the door. It will give you the industry skills to apply for an apprenticeship and start your career in plumbing. Employers often prefer apprentice applicants that have undertaken a pre-apprenticeship.

Contribution to VCE / VCE VM & VPC
These credits must be confirmed with the VET Coordinator at your school.

Additional Costs
Protective clothing and minor equipment may also need to be purchased.

AUSTRALIAN INSTITUTE OF EDUCATION AND TRAINING

COURSE CODE: SIS20122 & SIS30122

CERTIFICATE II IN SPORT & RECREATION & CERTIFICATE III IN SPORT, AQUATICS AND RECREATION [DUAL PROGRAM]

Program Description
The SIS20122-SIS30122 dual-qualification pathway offers all the benefits of a standard SIS30122 program but with the added bonus of a genuine exit point for those students who only complete Year 1 of the program. Students who successfully complete the ten required SIS20122 units will receive a SIS20122 Certificate II in Sport & Recreation at the end of Year 1. Students who complete the full two-year program can complete SIS20122 and SIS30122 certificates, and the VCAA scored program. Students may still enter Year 2 of the program, achieve partial completion of SIS30122, and complete the VCAA scored program.

SIS20122 - Certificate II in Sport and Recreation focuses on practical skills in the sport, fitness, and recreation industry, preparing students to assist with activities and perform equipment maintenance.
SIS30122 - Certificate III in Sport, Aquatics and Recreation provides students with the skills and knowledge to work in the sport, aquatic or recreation industries.

Pathways / Career Opportunities
Completing **Certificate II in Sport & Recreation** is a great foundation for students wanting to contribute to their community sports club or start in an assistant-level role in a sport, fitness or recreation organisation.
Job Opportunities: Customer service assistant, Leisure Assistant, Recreation assistant, Retail assistant, Grounds assistant, Facility assistant.
Certificate III in Sport, Aquatics and Recreation:
Employment opportunities reflect roles such as recreation officer, activity operation officer, sport and recreation attendant, community activities officer or leisure services officer, activities officer, Leisure services officer.

Contribution to VCE / VCE VM & VPC
Credit in the VCE (including VCE VM and VPC): recognition of up to three VCE VET units at Units 1 and 2 level, and a VCE VET Unit 3–4 sequence.
These credits must be confirmed with the VET Coordinator at your school.

CERTIFICATE I IN TRANSITION EDUCATION (PARTIAL COMPLETION) – NOT RUNNING IN 2027

Program Description
Certificate I in Transition Education is intended to support learners with permanent intellectual disabilities to develop the skills to find the most appropriate option for them in the community after leaving school. This may include employment, volunteer work or further study. The certificate includes the development of employability skills including communication, problem-solving, self-management and use of technology.
Students are supported to develop strategies to identify information and resources about everyday activities such as travel, health and participation in recreational activities, develop independent living skills and participate in activities in the community.

Pathways / Career Opportunities
Students who complete this partial program at school may choose to attend The Gordon TAFE post school to complete the Certificate I in Transition Education. Students' goals may also include transitioning to volunteer work or entry-level employment.
